RE: DOUGLAS WEBSTER

Reference is made to your letter dated September 22, 1964, your reference No. 5955.

Enclosed is one copy each of three letters dated November 25 and 29, 1963, and September 27, 1963, which we have received from the subject and which follow the same pattern as the copy of the letter you sent us. For your information, we have conducted no investigation of the subject.

We have no objection to your asking the appropriate authorities in Malaysia to let you know if Webster should come to notice in that part of the world.
